

*Camp Curiosity*

*We turn around and see friend after friend,  
Troubles and problems we will amend,  
For we are here to make the most,  
Of the youthful summers that are our host.  
At Camp Curiosity we learn and play,  
From us no one can take that away.*

*Come rain or shine, sleet or snow,  
We will for sure put on a show,  
To keep you entertained is our middle name,  
To encourage, gain, and even find fame,  
Sports, games, nature and crafts,  
Soon the days are passing too fast!*

*We at Camp are here as one for all,  
Ready to help each other up when we fall,  
We will prepare you for your next big step,  
When you move ever closer to the Big Wide World,  
So take our advice, and make the right choice,  
Join the Curious and don't think twice.*

*Jan Thompson*
